1.3 ENVIRONMENTAL POLICY

Purpose

The organisation recognises its responsibilities to its staff, shareholders, customers and the general public and is committed to the continual improvement of the operating environment of its facilities.

To this end it will maintain a documented Environmental Management System and will take into account all regulatory and legislative requirements pertinent to its sector, local operating environment and customer requirements.

Policy Implementation

- Communicating its policies both internally and externally (customers, contractors and main suppliers) as appropriate
- Commitment to continual improvement in environmental & business performance
- Using the input of staff, customers, shareholders, government, local authorities, interested third parties and the general public
- Awareness and training on environmental issues
- Creating a better environment for all, through the reduction, recycling and reuse of waste, the optimum usage of resources and the elimination of polluting releases to the environment
- Compliance with all pertinent applicable regulations, legislation and licenses
- Prevention of pollution

The above policy is supported by the management and Director of **AB ACCESS SCAFFOLDING LTD** who will commit the necessary resources in ensuring that the objectives and targets can be achieved. Appropriate programmers are set up to achieve our objectives and will be reviewed annually at the management review.
